BALTIMORE—MONDAY, APRIL 10, 1825.

Distribution of the Capitals, &c.

We had not time last week to inform our distant friends, of the very extended distribution of the prizes drawn on the two last days of the STATE LOTTERY. As far as we are authorized, we proceed now to mention, that the 40,000 DOLLS. is owned by a company not one of whom were wealthy—they reside in this City—the 20,000 DOLLS. was sent to Philadelphia, and is owned in a whole ticket by Mr. Bernard Fitzsimmons, of the firm of John Turner & Co. in that place—the 10,000 DOLLS. prize was divided in Shares, one half was sent by mail to Gettysburg, Pa. so late as the 25th ult. and is owned in that town by Messrs. George Hersh and David Troxell—the remainder is held in Baltimore. The 5000 DOLLS. we sold in a whole ticket and is owned in this City; the owner's name we have not yet permission to mention. The 1000 and 500 DOLL. prizes were variously distributed in whole and shares both to town, and distant adventurers; of the latter we had the pleasure of sending to Chillicothe, Cincinnati and Zanesville, in Ohio—Louisville, Kentucky—Richmond, Norfolk, Kinsale, White Chimnies, Kilmarnock, Fredericksburg and Staunton in Virginia—Philadelphia and Boston.

The CASH has been already paid for the whole of the prizes, which have yet been presented—these include two of the Capitals. The 20,000 dolls. of Mr. Fitzsimmons, who received to CASH last Thursday; and the 5000 dolls. which we paid on Tuesday last, on presentation of the ticket, and in SPECIE, agreeably to the wish of the owner.

The Decided Approbation

Given by the public, to the improved and entirely new mode of drawing, adopted by the Commissioners for the STATE LOTTERY, No. 4, is evinced by the unprecedented sales already made of the tickets, and is by far greater even than we had anticipated. The demand in this city has been astonishing, and from the country, the orders are coming in very spiritedly, from all places where the scheme had reached. The very low price of Tickets (only FOUR DOLLARS) and the magnitude of the capital prize, (20,000 DOLLS.) combined with the peculiar advantages of the scheme, place this lottery SUPERIOR TO ANY OTHER before the public. The drawing will positively take place on the 18th of next month (MAY.)

☞ WHOLE TICKETS, 4 DOLLS.

☞ HALVES, 2 DOLLS.

☞ QUARTERS, 1 DOLL.

☞ ORDERS from any part of United States, by mail (post paid) or by private conveyance, enclosing the Cash or Prizes in any of the Lotteries, will meet the same prompt and punctual attention as if on personal application, addressed to

J. I. COHEN, JR.—Baltimore.

Great Lottery Improvement.

NEW STATE SCHEME. On the next page of of this day's Register, we continue the scheme of the GRAND STATE LOTTERY OF MARYLAND No. IV. The whole to be drawn in ONE DAY, and by a facility and improvement to secure the advantages of which, letters Patent have been granted by the President of the United States. The scheme (being the first on the improved mode) has already been so much approved, that although the

Commissioners have published it but five days, they have thus early sold a sufficient number of tickets to authorize the fixing of the day for the drawing, and which accordingly will take place in the City of Baltimore, on WEDNESDAY, the 18th of MAY, and be completed on the same day.—

A very short period therefore, intervening before the time of drawing will arrive, we hope our friends at a distance will avail themselves of the very superior advantages offered by the scheme, and send on their orders without delay—they will remark the low price of tickets—the very trifling risk to be run, (there not being one Blank to a prize) and that the capital prize of TWENTY THOUSAND DOLLARS, is of a magnitude hitherto unprecedented for a ticket at three dollars and a half!—above all, however, is the CERTAINTY OF OBTAINING AT LEAST ONE PRIZE by the purchase of two tickets or two shares—(one odd and one even number) and in the same ratio of certainty in the purchase of a greater number of tickets or shares.

☞ ONE TICKET MAY ALSO DRAW TWO PRIZES in this scheme—for example, suppose an Adventurer holds a ticket No. 8447, and that it should draw 10 dollars:—and suppose further, that the 20,000 dollar prize should come out to an odd Number; in which case, agreeably to the scheme, all the odd Numbers in the lottery would be entitled each to a \$2 prize—consequently the holder of No. 8447 (which is an odd Number) would be entitled to 2 dolls. in addition to the \$10 which he had already drawn, and he would therefore receive 12 dolls. (a 10 and a 2 doll. prize.)

The various and many advantages in this improved mode of Lottery will naturally present themselves to the adventurer on examination of the scheme, to a scrutiny of which, we invite their attention.

UNITED STATES BANK STOCK has taken a sudden rise in Philadelphia—sales have been made in that city as high as 122—and at New York at 121 1-2. At London it was quoted, on the 19th February, at £24 5s. with dividend from the 1st January, 1825.

BALTIMORE MEDICAL COLLEGE.

The annual commencement, was held on Monday last when the degree of Doctor of Medicine was conferred on SEVENTY SIX graduates.—The prize medal for the best written Latin Thesis, was awarded to THOMAS JEFFERSON GASSAWAY, Esq. of this city.

At the commencement held on the same day in the Pennsylvania University, the number of graduates were one hundred and eleven.

GENERAL LA FAYETTE entered Savannah on Sunday afternoon 20th instant, and was received with public honors on Monday 21st. The reception was all that freemen could conceive, or La Fayette expect.

Among the visitors of Lafayette, in that city was an old negro man now entirely blind, who was his servant during his services in this country, and now belongs to Mr. M'Queen, near the city. The old negro appeared overjoyed at the honor of the visit, but soon commenced recounting the actions in which he had accompanied his master, and the incidents which took place at that time. They were listened to by Lafayette with that affability and kindness, characteristic of the individual, and the old slave, encouraged and his memory assisted by reminding him of other incidents of the same nature. Every action of this truly good man's life, adds to the respect and admiration of the virtuous.

From the National Advocate, March 30.

From the arrivals for a month past it appears that almost every description of manufactured goods has risen in value in the European market. The cotton goods of England have not only advanced, but the rise has been felt on the banks of the Pee Dee or on the Alabama in this country. Hardware and woollens have also advanced in the English market, and we have seen it mentioned somewhere that the latter article in the French markets has risen as much as 30 per cent. Goods imported from Europe as might have been expected, have experienced a corresponding advance in this market. English dry goods are now sold about 15 to 20 per cent. higher at the present time than they were about six weeks ago. Hardware and woollens have felt similar changes. The advance in the price of cotton has created a considerable excitement among speculators and others, and all united together gives a great briskness and activity to business.

LETTER POSTAGE.—The 13th section of the law passed at the last session of Congress establishes the following rates of postage for single letters: Any distance not exceeding 30 miles, six cents; over 30, and not exceeding 80, ten cents; over 80, and not exceeding 150, twelve and a half cents; over 150, and not exceeding 400, eighteen and three quarters of a cent; over 400, twenty five cents.

Double letters of course, are double the above rates.

Miscellaneous Intelligence.

Southern national Road.—The Board of Engineers, consisting of General Bernard, Mr. Shriver and the other officers and gentlemen attached to that service, set out, on Tuesday last, on a tour of reconnoissance through the Southern States, with the view of ascertaining the most eligible route for the contemplated National Road from the seat of Government to New-Orleans.

Contemplated new Road.—A late Leesburg paper contains some resolutions lately adopted there recommending measures to be taken for making a road from the Cumberland road, in the direction of Washington, on the Virginia side of the Potomac. The distance from the General Post office to Georgetown and Leesburg, to the base of the mountain, (says the National Intelligencer) is 11 miles, allowing 4 miles for the irregularities of deviation of the shortest road from Leesburg to Carter's, a point four miles west of Cumberland. The distance to this point from the General Post Office, by Fredericktown, in Maryland, now traveled, is at present 139, all except of which are turnpiked. Baltimore is, of course, equally removed from the same point. So that, if the estimates are right, 29 miles would be saved by the contemplated road, from the General Post Office, through Virginia, to the eastern base of the mountain. The Maryland side, we should think, however, offered much the best ground for a road.

The American Navy.—We shall shortly have a commission or ready for service, 7 line of battle ships, 10 frigates, 2 corvetts, and 15 sloops of war with a corresponding proportion of light vessels.

Commerce of New-York.—The Evening Post gives a list of eleven ships, ten steamboats, four brigs, and fourteen schooners and sloops, in all 35 now building at New-York.

The U. S. ship North Carolina, 74, Commodore Rodgers, got under way from her anchorage in Hampton Roads, on Saturday afternoon, last, 3 o'clock, and passed Cape Henry light at half past 6, with a "cracking breeze" from the N. V. Her destination is for the Mediterranean station.

SCHEME OF THE FOURTH

STATE LOTTERY.

The whole to be drawn in **ONE DAY**, on an Improved mode, and secured by Letters Patent under the Great Seal of the United States.

THE COMMISSIONERS OF LOTTERIES,

In conformity to the Act of Assembly, present to the public the Scheme of the

GRAND STATE LOTTERY, N^o: IV.

The mode of drawing being on an **HIGHLY IMPROVED PLAN**, it will be completed in **ONE DAY**—and which, from the large number of Tickets already contracted for, (in consequence of the approbation of the Scheme,) they have the pleasure of announcing, that it will positively take place in the **CITY OF BALTIMORE** on

Wednesday, the 18th of May.

SCHEME:

1 Prize of \$20,000 is	20,000 Dollars.
1 Prize of 10,000 is	10,000 Dollars.
1 Prize of 5,000 is	5,000 Dollars.
5 Prizes of 1,000 is	5,000 Dollars.
4 Prizes of 500 is	2,000 Dollars.
20 Prizes of 100 is	2,000 Dollars.
30 Prizes of 50 is	1,500 Dollars.
50 Prizes of 20 is	1,000 Dollars.
200 Prizes of 10 is	2,000 Dollars.
300 Prizes of 5 is	1,500 Dollars.
10,000 Prizes of 2 is	20,000 Dollars.
10,612 Prizes.	70,000 Dollars.

20,000 Tickets—*Not One Blank to a Prize!*

MODE OF DRAWING:

The Numbers will be put into one wheel as usual—and in the other wheel will be put, the Prizes *above* the denomination of Two Dollars, and the drawing to progress in the usual manner. The 10,000 prizes of \$2 will be awarded to the odd or even Numbers in the Lottery, (as the case may be,) dependant on the drawing of the Capital Prize of *Twenty Thousand Dollars*—that is to say, if the 20,000 dollar prize should come out to an *Odd Number*, then *every Odd Number in the Scheme* will be entitled to a \$2 prize.—If the 20,000 dollar prize should come out to an *Even Number*, then all the *Even Numbers in the Scheme* will be each entitled to \$2.

Odd Numbers are those ending with 1, 3, 5, 7, or 9.
Even Numbers are those ending with 2, 4, 6, 8, or 0.

This mode of drawing not only enables the Commissioners to complete the **whole** Lottery in **ONE DRAWING**, but has the great advantage of distributing the small prizes regularly to *every alternate Number in the Scheme*, so that the holder of Two Tickets, or Two Shares of Tickets, (one odd and one even Number,) will be certain of obtaining at least one Prize, and in the same ratio for any greater quantity.

A Ticket drawing a superior prize in this Scheme, is not restricted from drawing an inferior one also.

JAMES L. HAWKINS,
NATH. F. WILLIAMS,
JAMES B. RINGGOLD, } Com'rs.

Baltimore, March 25, 1825.

Every Prize payable in **CASH**, 60 days after the drawing—subject to a deduction of 15 per cent.

WHOLE TICKETS, \$4—HALVES, \$2—QUARTERS, \$1

To be had, in the greatest variety of Numbers, (Odd and Even,) at

COHEN'S OFFICE,

No. 114, Market-Street, Baltimore:

The Holders of Prizes

LAFAYETTE IN THE SOUTH.—Where-
 ver he goes "the Nation's Guest" is received as the
 firm friend of freedom and the nation's benefactor;
 and though his course through the Southern states
 resembles in swiftness the passage of a meteor, the
 Sun is not more powerful in warming the hearts of
 the citizens.

At Charleston, S. C. he was received on Mon-
 day the 14th inst. in the same spirit, manner and
 form, as in all other places in "the land of the free
 and the home of the brave." The feeling and re-
 ception were all that patriotism could excite—that
 gratitude and affectionate recollection could dictate,
 and every way worthy of the patriotic character of
 South Carolina and its chief city.—After remaining
 three days, he left Charleston on the 17th (under a
 grand salute of 24 guns) for Savannah. In conse-
 quence of the necessary rapidity of his movements,
 he was unable to visit Georgetown, S. C. the place
 where he first landed on our shores in April, 1776.

Persons at a distance may at all times
 with confidence forward their REMITTANCES to
 COHEN'S OFFICE, for if the great Capitals in
 the Scheme should be drawn when their Orders
 arrive, and the state of the wheel not justify an in-
 vestment, the amount enclosed will be returned
 by the first mail.
